

Health and Safety

Triumph's commitment and compliance with all legislation related to its manufacturing processes and operations: in this case in the key area of Health and Safety working practices. The new standard is designed to cover H&S matters as they affect manufacturing procedures and activities throughout the work place. **ISO 18001**

Environment

We are committed to using the most environmentally friendly processes and products in the manufacture of our office furniture, and will continue to do so. This commitment has enabled us to achieve the environmental accreditation standard **ISO 14001**

Quality

We manufacture our products in accordance with company specifications and customer requirements, which are delivered on time and provide complete customer satisfaction. This policy is implemented through a quality management system, in line with the quality assurance principles set out in **ISO 9001:2000**

Training

We believe in a continuous training development plan for all our employees. This has enabled us to achieve the UK standard **Investor in People**

FSC Supplier

By using **FSC** certified wood we are supporting better management of the world's forests.
©1996 Forest Stewardship Council A.C. **TT-COC-1930**

Club Green

FIRA's **Club Green** takes an integrated approach to the challenge of environmental improvement. It's a way of interpreting the latest wave of legislation, and developing industry wide solutions to enhance legislated compliance and help introduce environmental management systems
